## BRINGING YOUR PETS TO GERMANY?

Pets traveling from the US to Germany must have a USDA certified health certificate, a form of identification, i.e., an ISO microchip, or tattoo. All dogs must be registered IMMEDIATELY upon arrival in Germany. While there are no costs for registering these dogs, the owner may be told at the German Office for Safety and Environment that the dog will have to be taken to a special GERMAN veterinarian to be TEMPERAMENT TESTED. The cost for this test is borne by the owners. The VTF maintains a list of German veterinarians authorized to perform the testing. The fine for having an unregistered dog.....THE SKY'S THE LIMIT!!!! Really, there is no set fine...but there will be a fine. Dogs are registered at the Öffentliche Ordnungsahnt fürUmweltfragen (Office for Safety and Environment). The granting of a permit may be combined with certain requirements, such as keeping the dog on a leash and/or use of a muzzle. It may also be required to keep the animal locked up. Please remember this is a German office and there may not be anyone available who speaks English!
